Alex

Everyone thinks being the star is easy. Smile. Wave. Roar on cue. Eat your steak. Repeat tomorrow. And honestly? I love it. I love the applause. I love making people happy. But... what if everyone only loves the show? What if they don't really know me? Out there, beyond the zoo, nobody's handing out dinner or cheering my name. It's exciting... and terrifying. I always thought being brave meant standing in front of a crowd. Maybe being brave is figuring out who you are when there's no audience watching.

Marty

You ever feel like your whole life is planned out for you? Wake up. Eat hay. Wave at the people.

Go to sleep. Sure, it's comfortable... but is comfortable the same thing as living? I want adventure! I want to know what's over the next hill... or the next ocean! Maybe I'll discover something amazing. Maybe I'll discover who I really am. People think I'm running away. I'm not. I'm running toward something. Sometimes you've got to take one giant leap before you even know where you're going.

Gloria

Somebody's always got to keep this crew together. Alex is overthinking. Marty is running off somewhere. Melman thinks he has seventeen new diseases before breakfast. If I don't step in, who will? But here's the thing... taking care of everyone else doesn't mean I don't have dreams too. I want excitement. I want to laugh until my sides hurt. I want to see the world. And if my friends need someone to remind them they're stronger than they think? I've got that covered too.

Melman

Does anyone else hear that? No? Hmm... maybe it's just me. Or maybe that's because my hearing is going! Oh dear... that explains so much. Look, I know people think I worry too much. But what if today really is the day something happens? Someone has to be prepared! I've got emergency plans, backup emergency plans, and emergency plans for the backup emergency plans. But... somehow, every time I'm with my friends, I end up doing things I never thought I could. Which is either inspiring... or extremely dangerous.

King Julien

Welcome! You may bow now. Yes, all of you. I shall wait. Ahhh... much better. Being king is very difficult, you know. I must make important decisions. Like... what shall we dance to? And should I wear the flower crown... or the fancy flower crown? These things matter! People expect greatness. Lucky for them, I have plenty of greatness to give! Life is too short to sit around worrying. Dance! Celebrate! If you're going to have an adventure, make sure everyone remembers who made it fun. Spoiler alert... it was me.

Skipper

Listen up! A good leader always has a plan. Sometimes the plan is brilliant. Sometimes the plan makes absolutely no sense. The important thing is saying it with confidence. My team trusts me because when things get tough, I don't panic. I adapt. You can't wait for the perfect moment. You make the moment perfect. Mission accomplished? Excellent. Mission impossible? Even better. That's when things start getting interesting.

Mort

Hello! Hi! It's so wonderful to meet you! Do you think maybe... just maybe... we could be best friends? Oh! Or could I have a hug? Or maybe just stand really close to you? I know I'm little, but I have a very, very big heart. Sometimes people don't notice me, but that's okay. I'll just smile bigger! Life is much more fun when you're excited about everything. Ooh! Was that a butterfly? I love butterflies! This is the best day ever!

Maurice

Have you ever been the only person in the room making sense? It's exhausting. Every day I explain why jumping off cliffs is a bad idea. Every day no one listens. And somehow... we survive anyway. I suppose that's friendship. You do your best to keep everyone out of trouble, and when they inevitably find trouble anyway... you're right there beside them. Someone has to be the voice of reason. It may as well be me.

Madagascar Lyrics

Wild and Free

Marty: Out in the wide open spaces, where the land seems to go on forever...
Out there I could run as far as the eye could see.

Living where I was meant to be
Where I could find the wild in me.

If I could be free. If I could be free. Runnin' wild

Zookeepers: *In the wild, In the wild, Runnin' wild.*

Marty: I know it can't be too far away but everyone wants to make me stay. I gotta keep reaching
for that place. Zookeepers: *Ah!*

Marty: Where I could be free

Zookeepers: In the wild

Marty: Where I could be free

Zookeepers: In the wild

Marty: Running wild

Zookeepers: In the wild

Marty: Running wild

Zookeepers: In the wild

All: Come on! You could graze all day, count the stars at night. Gallop fields of green 'til you're outta
sight. Travel anywhere you wouldn't have a care.

Marty: No I could be free.

Zookeepers: In the wild

Marty: Yeah if I could be free.

Zookeepers: In the wild

Marty: Ok if I could be free.

Zookeepers: In the wild

Marty: If I could be free.

Zookeepers: In the wild

All: Running in the wild. Oh! Running in the wild. Yeah! Running in the wild. Yeah! Yeah!
Running in the wild.

Marty: I could run as far as the eye could see living where I was meant to be.

I like to move it

I like to move it, move it, I like to move it, move it, I like to move it, move it
We like to move it!

I like to move it, move it, She like to move it, move it, He like to move it, move it
We like to move it!

I like to move it, move it, She like to move it, move it, He like to move it, move it
We like to move it!

Here in Madagascar we get funky we get loud,

we can shake, shake, shake it, move it up move it down.

So do it, there's nothing to it. Even the Lemurs and Maurice can ba-ba-lu it.

They take it low, low. They take it high, high. It's so good you can't deny.

Let's prove it! Move it!

Everybody up! Every jump! Everybody bump! Anybody in the rump!

Everybody up! Every jump! Everybody bump! Anybody in the rump!

Everybody up! Every jump! Everybody bump! Anybody in the rump!

Everybody up! Every jump! Everybody bump! Anybody in the rump!

Gloria: Boom! Boom!

I like to move it, move it, She like to move it, move it, He like to move it, move it
We like to move it!

I like to move it, move it, She like to move it, move it, He like to move it, move it
We like to move it!

All: Oh oh oh oh whe, oh oh oh whe, oh whe,

Oh oh oh oh whe, oh oh oh whe, oh whe,

King Julien: Oh oh oh oh whe, oh oh oh whe, oh whe,

All: I like to move it, move it, She like to move it, move it, He like to move it, move it
We like to move it!
I like to move it, move it, She like to move it, move it, He like to move it, move it
We like to move it!

Alex: Steak Gimme gimme steak. Gimme Gimme steak.
I've got a love I must confess All: Oh..
Alex: My love for meat is what I profess, Don't wanna put you in... distress but I'm hungry. I got an
appetite for a lush buffet, a porterhouse cooked anyway.
And on the side of my breakfast toast I wanna a rump roast.
I've tasted veggies from coast to coast. But let me tell you what I love the most.
Steak is what I crave. There ain't no way to substitute.
No passion fruit can compare to extra rare – only steak!
No crème brulee has that cachet or can replace a fillet mignon or chateaubriand.

Alex: I want steak that's what I crave. There ain't no way to substitute. No passion fruit can compare to extra rare – only steak can sa-ti ate. No crème brulee or cherry pie can satisfy when I'm alone at night and dream of my steak. Slurp!

I just can't believe what I see. I'm finally where I was meant to be.
The sun is shining, there's no whining. It's a party all day and night.

King Julien: Here the food is plentiful

Gloria: Keep the belly plentiful

Paradise. Paradise. Look at me so wild and free.
It's my dream come alive. Living in paradise.

Together Forever

Marty, Alex, Gloria, Melman:

Together, together, together forever,
Together, together, together forever,
Together, together, together forever, Yeah!
Gloria: I got my toes sticking in the sand.
Melman: Even the penguins are getting tanned.
Marty: And once again life is a party.
Alex: For Gloria, Melman and Marty.
All: Hanging with our friends doesn't get any better.
We know we're gonna be together forever.
All: Oh if we never forget all of the things that we said.
The good times we had.
Remember the laughter each day.
Then we'll stay together forever.
Over any land and across the sea.
No, no matter where we are, look up at the stars,
We're never very far.
We're always gonna be together forever.
Together we will stay – together forever.
Living in the memories of you and me (you and me)
Together forever (Ah)
Over any land and across the sea.
No matter where we are (where we are)
Look up at the stars, we're never very far (far)
We're always gonna be together forever. (Ah ...together we will be)
Together, together forever (ooh wee ooh)
Together, together forever (ooh wee ooh)
Together, together forever (ooh wee ooh)
Together, together we will be.
